SUMMER ADVENTURES

Elementary Level

Ages: 6 – 12 years

Mind and Body Camp Series

Campers will spend the morning exercising and developing physical skills, and the afternoon will be geared towards exercising and expanding the mind.

Mind and Body Empowerment (Youth Leadership & Empowerment)

Special camp instructors Kip and Marina Brooks will lead campers through a week of youth leadership and empowerment training. Campers will learn and experience community and team building; mindset and positive language; Physicality and Physiology; confidence and self-esteem; how to be your best true self; focus and attention; goal-setting and taking action!

Students 13 and older, please e-mail sue@phoenixmontessori.org with interest.

Mind and Body Inspiration (Yoga-Martial Arts/Garden Design)

This camp centers on the growth of the inner-spirit and the natural world. In the morning session, grow in strength and concentration through an introduction to yoga and five-animal Kung Fu. In the afternoon, embrace the spirit of summer growth by designing your own gardens and learning how nature provides beauty, food and habitats for creatures of the Earth.

Mind and Body Water-Games (Water Works/Old School Games)

Enjoy a morning of relay races, kickball, dodge ball, tag and silly antics all with WATER! Prepare to get wet every minute from sprinklers to slides and water balloons. On Friday, campers will end the week by playing around at a local pool. The afternoon will be spent playing Old School games: Jacks, Old Maid, Go Fish, Jenga and marbles! Campers will learn to play all the games that have survived the ages while enjoying friendly competition.

Mind and Body Creative Spirit (Tennis/Creative Arts)

Time to hit the courts! From beginner swings to winner slams, all levels are invited to spend the morning discovering their inner Serena Williams. All levels are welcomed. Take a break from the heat to discover the serenity of creative inspiration. Each day, experience sand painting, calligraphy, ceramics and poetry.

Mind and Body Universe (Junior Naturalist/Mad Science)

Explore Your World – Expand Your Experience. This week we will investigate science. Spend the morning as a junior entomologist or botanist. Some activities include creating tree books and plant tags for our surrounding woods. Other activities include bug collecting and bird watching. Afternoons, become “mad” for the lab! Ever wanted to make your own laboratory or planetarium? Learn the basics of chemistry and astronomy. Simple science experiments will investigate the states of matter and the movement of the sun, earth and stars.

Mind and Body Movement (Musical Theater and Chess)

Express yourself!! Create your own music, plays or improv performance using puppet theater, song and dance, and even stand-up comedy. Stage set construction and costumes for those who wish to be behind the scenes. Chess camp will be geared toward both experienced and aspiring players. Beginners will learn the basics and build to playing matches, while more experience players will learn various openings, positions, middle and end game strategies.

Mind and Body Adventures (Basketball/Body STEAM Press)

The morning will involve exercises and drills to improve the campers’ basketball knowledge and fundamental skills. Campers will compete in shooting competitions and team play. The afternoon will be full STEAM ahead with activities related to Science, Technology, Engineering, the Arts, and Mathematics. Campers will use 3D printers, robotics and art and design to create new inventions, problem solve and improve existing technology.

Counselors In Training (CIT)

Middle and High School students who may be too old for camp, but too young or not quite ready to work may participate in our “Counselors in Training Program (CIT)” program. CITs will have the opportunity to enjoy the offerings of camp while also developing critical skills that will be useful in the workforce.

The CIT program is the first step in an individual’s transition from camper to a potential staff member. CITs develop strong leadership skills through training, discussion, observation, and practice. These newly honed skills are applied in leadership opportunities throughout Camp in supervised programs. The aim of this program is to challenge the CITs to engage in new and traditional activities, build friendships, and help develop a positive work ethic that they can apply to any leadership experience. Interested teens must be 13-16 years of age.
