SUMMER ADVENTURES

Elementary Level Ages: 6 – 12 years

PMA Summer Adventures Camp Series

Campers will have a variety of options to choose from this summer. Campers enrolled in the PMA Sports Camp will spend the summer exploring a variety of sports. The morning camp will focus on one major sport each week. The afternoons will be spent on a variety of “minors”. In addition to the Sports Camp, the most popular Mind and Body camps will be offered on selected weeks.

Week 1 (June 17-21) – Basketball, Tennis and Minors

Basketball - Using our progression curriculum and focusing on the whole player, we teach your child the skills they need for both on and off the court to be a better athlete. Our sport specific staff will focus on respect, teamwork and responsibility as they will start each day with a “skill of the day” and progress in to drills and games, making an unforgettable camp experience for your young athlete.

Tennis – From First-timers to Ace Players, come get into the swing of summer with your best forehands, backhands and serves. Learn the basics of tennis strokes, scoring and strategy ending with a Friday tournament.

Minors – All campers continuing with the afternoon session will participate in wiffleball, dodgeball and kickball. Campers will also enjoy a “pool day” each week.

Week 2 (June 24-28) – Chess Club, Mad Science and Old School Games

Chess Camp - Chess camp will be geared toward both experienced and aspiring players. Beginners will learn the basics and build to playing matches, while more experience players will learn various openings, positions, middle and end game strategies.

Mad Science and Old School Games – Campers continuing with the afternoon session will become “mad” for the lab! Ever wanted to make your own laboratory or planetarium? Learn the basics of chemistry and astronomy. Simple science experiments will investigate the states of matter and the movement of the sun, earth and stars. In addition, campers will enjoy Old School games: Jacks, Old Maid, Go Fish, Jenga and marbles! Campers will learn to play all the games that have survived the ages while enjoying friendly competition. Campers will also enjoy a “pool day” each week.

Week 3 (July 8-12) – LEGO Camp, Coding Camp and Water Games

LEGO Camp - Campers will work together to construct structures by following blue prints, executing challenges, and creating unique designs with Legos, Kinex, and other building material.

Coding Camp – In the afternoon, campers will explore technology using Arduino mini computers and 3D printing, including an introduction to Electrical Engineering through the use of microcomputers, implementing (IOT) infrastructure using sensors such as infrared, temperature, motion and sonar and more.

Water Games – Beat the heat with an afternoon of reveling in the joys of H₂O through experiments and games. Campers will spend the week with water relay races, sprinkler antics, slip and slide silliness. Campers will also enjoy a “pool day” each week.

Week 4 (July 15-19) – Basketball, Martial Arts and Minors

Basketball - Using our progression curriculum and focusing on the whole player, we teach your child the skills they need for both on and off the court to be a better athlete. Our sport specific staff will focus on respect, teamwork and responsibility as they will start each day with a “skill of the day” and progress in to drills and games, making an unforgettable camp experience for your young athlete.

Martial Arts - Rachel Walters’ 10 years of Chinese Shaolin Kung Fu experience will guide your child in the focus, balance, and strength central to this ancient art. Meditation and Tai Chi will wake up the mind, while five animal martial arts forms will energize the body.

Minors – Campers continuing with the afternoon session will participate in handball, ultimate frisbee and field games. Campers will also enjoy a “pool day” each week.

Week 5 (July 22-26) – Flag Football and Minors

Flag Football - This is the perfect program for your young athlete who wants a complete introduction to America’s Game or for those who simply want to brush up on their skills in preparation for league play. Through our “skill of the day”, campers will learn skills on both sides of the ball including the core components of passing, catching and de-flagging or defensive positioning – all presented in a fun and positive environment. The week ends with the Skyhawks Sports Bowl, giving participants a chance to showcase their skills on the gridiron!

Minors – Campers continuing with the afternoon session will participate in archery, disc golf and World Cup soccer. Campers also enjoy a “pool day” each week.

Week 6 (July 29-August 2) – Soccer, Comics & Animation and Minors

Soccer – Using our progression curriculum, our sport-specific staff will ensure your young athlete will gain the technical skills and sport knowledge required for their next step into soccer. This camp focuses on dribbling, passing, shooting and ball control. By the end of the camp, your child will have learned new life skills such as teamwork and sportsmanship, made new friends, and improved their sport skills preparing them to play for the fun or league play!

Comics and Animation - Ever wanted to create your own comic or graphic novel? Learn the creative art of story writing and illustration. The characters you create will come to life in book form and even beginning animation. Share your story for all the world.

Minors – Campers continuing with the afternoon session will participate in kickball, corn hole and wiffleball. Campers will also enjoy a “pool day” each week.

Week 7 (August 5-9) – Extreme Sports or Performance

Extreme Sports – As campers will be out-and-about in the community for this camp, full-day only is available. Campers will venture out to different sports venues each day for fun, exercise, and challenge. Activities may include: Putt Putt, Bounce U, swimming, laser tag, bowling, skating, and fun in the park.

Performance - End your summer with a show-stopper! Ever wanted to write a play, design a stage set, or sing and dance, then this is the camp for you. Morning session focuses on playwriting, set design and choreography. Afternoon focuses on performance. Sing your favorite songs, share an improv comedy session, put on a musical of your own creation.

Counselors In Training (CIT)

Middle and High School students who may be too old for camp, but too young or not quite ready to work may participate in our “Counselors in Training Program (CIT)” program. CITs will have the opportunity to enjoy the offerings of camp while also developing critical skills that will be useful in the workforce.

The CIT program is the first step in an individual’s transition from camper to a potential staff member. CITs develop strong leadership skills through training, discussion, observation, and practice. These newly honed skills are applied in leadership opportunities throughout Camp in supervised programs. The aim of this program is to challenge the CITs to engage in new and traditional activities, build friendships, and help develop a positive work ethic that they can apply to any leadership experience. Interested teens must be 13-16 years of age.
